Keeping you informed about...

The "all things Wedding in the Valley" website

Google™ www.annapolisvalleyweddings.ca is now advertised on the most widely used search engine on the web.

Pinch Me

Expectations were high when we set out to improve the site's search results on Google which tended to be rather poor, usually not being seen until the 20th page or later of search results.

Imagine our elation, when after the first weekend of initiating an advertising campaign with the popular Google search engine, our hits went from 680 to 1700. Double takes and doubts were in abundance when we first brought up the data, but after comparing the hit counter data with the Google site activity report we realized this had actually happened and wasn't a dream. ☺

The Wild West

The idea of having a bridal show in the western region of the valley, has come up in discussions with vendors more than once. We are willing to organize such a show but only if we are shown a fair amount of support and are urged on by both brides and vendors alike.

If you are interested in a Digby Bridal Show, please take a moment to fill out the questionnaire located on the

BRIDAL SHOWS ~ page. You can also call or email us with your suggestions.

New Categories

We are currently working on 2 new categories "Decorators" and "Dentists" with an ETA of Jan 2, 08. We are once again asking for your thoughts regarding categories. Do you feel that our list is complete or does it need something else? Please send us your suggestions via email or web form we appreciate your input on all aspects of the web site.

Coat Check

We strongly advise that all vendors go to the site and check the information on their free listing to insure that it is correct. Unless you tell us we won't know if there is anything wrong.

You may want to note that we are adding wats numbers along with the local phone numbers for the convenience of your perspective clients.
